About Us

Aplus Builders is a general construction company with headquarters located in Miami, Florida. The company started as a small-time renovation company. After five years of operation, the company managed to secure large projects and expanded its services. Today, the company is one of the largest general contractors in Florida.

Scope of Work

Based on the request for proposal submitted by Sunrise Realty, we estimate that we can finish the project by January 02, 2024 ahead of their schedule. We will provide construction services such as design/build, construction management, and preconstruction.

Objectives & Timeline

- Construction Resources
  We will gather all the construction resources by January 02, 2024, so that we can start the project with no instances of delays due to shortage of resources.
- Quality of Work
  We will deploy a team of quality assurance experts in this project from January 02, 2024 to January 02, 2024, to ensure quality of work.

Pricing
