Modern chic urban home décor style is softer and comfier that welcomes and protects the homeowner against the ultra-bustling daily big city life.

This style is typically more natural in its materials, textures, and colors. The purpose is to obtain a more simplistic look with minimalistic elements. Accordingly, this style mostly considers using urban essentials, such as:

- Natural materials – wood, glass, ceramic, stones, or slates
- Natural textured fabrics – weaves or wools
- High-grade products in simplicity
- Natural feel colors – softer and warmer tones.

Planning to remodel your home basement, especially the windows? Undoubtedly you will find various brands or leading companies for these utilities and parts. Each of them offers different superior window treatments.

THE LUX COMFORT OF CLAWFOOT TUBS

If you want something timeless and nostalgic for your bathroom space, consider having a clawfoot tub.

Delicate in design, this tub has been down for generations, the classic iron or metal ones, with their vintage characteristics and details.

For a more contemporary style, modern acrylic clawfoot tubs are increasingly everywhere.
