

SERAPHINA SMITH

Medical Intern

seraphina.smith@email.com | +1 (555) 555-5555 | Cityville, USA

OBJECTIVE:

As a compassionate and driven medical student, my objective is to further develop my clinical skills and medical knowledge in a dynamic healthcare environment. I am committed to providing high-quality patient care while actively contributing to innovative research initiatives aimed at advancing medical treatments and improving patient outcomes.

Through dedication, teamwork, and continuous learning, I aspire to become a well-rounded physician capable of making meaningful contributions impacting the lives of those in need.

EDUCATION:

Bachelor of Medicine,
Bachelor of Surgery (MBBS)
Saint Cecilia Medical School, Cityville, USA
Expected Graduation: May 2025

Clinical Experience:
Medical Intern
Cityville General Hospital, Cityville, USA
2023 - Present

CERTIFICATIONS:

Basic Life Support
(BLS) Certification - American Heart Association

SKILLS:

Strong interpersonal and communication skills developed through patient interactions.

Proficient in medical documentation and electronic health record systems.

EXPERIENCE:

Clinical Observership
Cityville Memorial Hospital, Cityville, USA
June 2023 - August 2023

- Shadowed attending physicians in various specialties, gaining insights into different medical practices and patient care approaches.
- Assisted in patient examinations, chart reviews, and treatment plan discussions.
- Observed surgical procedures and post-operative care protocols, enhancing understanding of surgical interventions.

Teaching Assistant
Department of Anatomy, Saint Cecilia Medical School
September 2022 - May 2023

- Facilitated small group discussions and led anatomy lab sessions for first-year medical students.
- Provided guidance on anatomical dissections, identification of structures, and clinical correlations.
- Assisted professors in preparing educational materials and evaluating student performance.
