WORK EXPERIENCE

Receptionist

Providence Health & Services

2023 - current Portland, OR

- Leveraged the OsiriX software to organize all patient imaging records, reducing the average report retrieval time by 7 minutes.
- ***Maintained accurate records of 19,341 patients*** with Doximity, ensuring the company was compliant with HIPAA and local laws.
- Introduced a new appointment reminder system, resulting in a 29% decrease in missed appointments.
- Acted as the first point of contact between patients and medical staff, reducing instances of miscommunication by 11%.

PROJECTS

Patient Advocacy in Action

Volunteer

2023

- Collaborated with a group of students to conduct interviews with physician assistants, achieving a ***93% response rate in gathering crucial insights*** into their daily challenges.
- Created and delivered 4 presentations each semester, highlighting the critical role of PAs in shaping healthcare policy.
- Gained first-hand experience in using OsiriX imaging software to understand the daily routines of physician assistants, contributing to the project's knowledge base.
- Mentored 7 new volunteers to create a report on how physician assistants use Meditech and DynaMed to handle patient data.

Healthcare Harmony

Attendee

2022

- Attended a seminar to learn the role of Physician Assistants in healthcare, gaining insights into best collaborative practices and their impact on patient outcomes.
- Showed active participation by asking 6 relevant questions, contributing to group discussions and healthy debates.
- ***Identified 9 key strategies for fostering a collaborative workspace*** between physicians and their assistants.
- Used networking opportunities to connect with a group of 31 industry experts, ensuring ongoing learning beyond the seminar.

CAREER OBJECTIVE

Highly motivated physician assistant intern candidate with project experience in exploring the crucial role of physician assistants and their daily duties, eager to kickstart a career journey at Legacy Health. I aim to leverage my collaborative spirit and grasp of medical software tools to enhance patient experiences and uphold Legacy Health's legacy of providing exceptional care.
