[RECIPIENT'S ADDRESS]

Dear Carolyn Miller,

I hope this letter finds you well on this magical Christmas season! You must be busy spreading the Christmas cheer like you always do.

I couldn't pass this year without remembering that memorable Christmas in 2045 when we managed to turn our small gathering into a winter wonderland complete with DIY decorations. Wasn’t that a night to remember?! Good times, indeed.

I am genuinely grateful to have you as a friend who shares my love for Christmas. Remember how we sang carols off-key, laughing until our sides hurt? Those cherished memories are indeed the gifts that keep giving. Hoping that you will once again make beautiful memories this Christmas. We must catch up soon!

Merry Christmas and Best Wishes for a Happy New Year!

With warm regards,
